ABOUT US

David Industrial Services, LLC has served government, commercial, and residential clients since 1998. We specialize in trail and trail bridge construction, culvert and headwall replacement, right-of-way clearing and forestry mulching, dirt and gravel road maintenance, herbicide application, and large-scale grounds maintenance. Led by an owner with more than 35 years of heavy equipment experience, we bring late-model professional equipment, certified applicators, and a proven record of completing federal projects at remote, hard-to-reach sites on time and within budget. To date, we have been awarded **over \$14 million in federal contracts** with USACE, the U.S. Air Force, USDA Forest Service, and National Park Service. Our commitment to safety, cost-effective solutions, and responsive service protects and enhances the value of our clients' properties.

CORE COMPETENCIES

- Trail & trail bridge / boardwalk construction
- Culvert, pipe & CIP headwall replacement
- Right-of-way clearing & forestry mulching
- Land clearing, grubbing & stump grinding
- Tree removal & storm debris cleanup
- Dirt & gravel road grading and maintenance
- Herbicide & pesticide application (vegetation control)
- Large-acreage, roadside & slope mowing
- Grounds & lawn maintenance
- Demolition & site preparation
- Facility support services
